WELCOME

- The world of architectural hardware is all about striking a fine balance between art and interior design. On one hand, it is pure art of touching hearts and creating impacts with sheer brilliance in designs; where as on the other hand, it is all about science of achieving impeccable precision to deliver unmatched experience and performance.
- At Harrison, we have mastered the art of balancing art and science in all our offerings. 'Harrison' is a brand envisaged, created and nurtured by 'Harrison' a renowned company in the hardware market across the nation.
- We are committed to design, develop and deliver the finest in the hardware accessories segment, and the same approach has helped us reach the pinnacle of the industry.
- It all begun with a humble endeavour, but the far-sighted vision of creating a brand that can implore an aura of reliability paid off and that started the saga of supremacy.
- The company has strategically invested in developing its own manufacturing facility, where the entire process of manufacturing masterpieces is taken care of with strict quality controls.
- 'Harrison' brand now offers a promising portfolio of Cabinet Handles, Main Door Handles, Knobs and Drawer Pulls. Responding quickly to the market trends and changing choices of the customers, Harrison' offers exclusive collections of designs, in diverse material, sizes and finishes.
- After ensuring the flawless quality of the products, the company has developed long term relations with distributors, the influencers and the end users, creating a strong network of like-minded people.
