FAQ Harrison Locks HE-06 Digital Door Lock

01 What is the Harrison HE-06 digital door lock?

Ans: It's a modern, keyless door lock offering PIN, fingerprint, RFID card and app-based entry.

02 How do I unlock the HE-06?

Ans: You can use a PIN code, fingerprint, RFID Card, mobile app, or the backup key.

03 What if the battery dies?

Ans: Use the backup key or an external battery port to unlock it.

04 Can I still use a key?

Ans: Yes, the HE-06 includes a traditional backup key option.

05 In how many finishes the lock is available.

Ans: The lock is come in black and rose gold finish

06 What if I forget my PIN?

Ans: You can reset it through the app or use the backup key for entry.

07 Can I control the HE-06 remotely?

Ans: Yes, the HE-06 offers remote access if connected to Wi-Fi.

08 How much maintenance does it need?

Ans: Very little—just replace the batteries every 6-12 months and keep the lock clean.

09 Will it fit my door?

Ans: The HE-06 is compatible with most standard doors; check the specs to ensure fit.

10 Does the HE-06 require Wi-Fi?

Ans: Wi-Fi is only needed for smart features; basic functions work offline.

11 How do I maintain the HE-06?

Ans: Replace the batteries when prompted and keep the fingerprint sensor clean.

12 How do I make a warranty claim?

Ans: For manufacturing defects within 2 years, contact Harrison Locks support.
Batteries are not covered under warranty.
